WHY Cancer is one of the world's most powerful killers and will touch each and everyone one of us in our lifetime. It knows no borders and sees no color, race, religion, age or socio-economic demographic. It is a global issue in need of support from a worldwide foundation network.

MISSION Love Hope Strength Foundation (LHSF) is an international charity that is building a web based platform that will provide cancer patients and their families with access to information and provide them with the tools that will help them "Climb Back From Cancer"*. In addition LHSF will provide support for cancer causes around the world with our ultimate goal that EVERYONE have access to affordable and quality cancer treatment. Our first program will be providing vital funding and equipment to the **Nepal Cancer Relief Society**.

WHO LHSF was Co-Founded by two-time cancer survivor **Mike Peters** of the Welsh Rock Band, **The Alarm**, and leukemia survivor and President of CSI Entertainment, **James Chippendale**. Mike and James have a vision and goal in mind that all people around the world should have access to the same information and opportunities that they had in order to win their battle over cancer. They see it as a worldwide issue, in need of global awareness and global support.

HOW With Chapters in the **United States**, **United Kingdom** and **Australia**, Mike and James are inviting the world to join them as they continue to **Climb Back from Cancer**. Their close connection with international musicians and mountaineers is allowing us to create innovative, music related, outreach and awareness programs such as **Everest Rocks**. We will accomplish our goals by hosting, and becoming the benefiting charity, at concerts and music festivals around the world. In addition to the events below, we are planning future climbs and concerts in **Scotland**, **Austria**, **Australia**, **Switzerland** and **Jackson Hole Wyoming**.

EMPIRE ROCKS, climb and concert at the top of the Empire State Building - April 2007

SNOWDON ROCKS, climb and concert at the highest point in the UK - June 2007

MUSICFEST, outdoor festival in Union County, NJ - September 2007

EVEREST ROCKS, climb and concert at Base Camp of Mt. Everest - October 2007

We are honored to have some of the world's top musicians and mountaineers supporting the **Love Hope Strength Foundation**. The ever-growing **Love Hope Strength Army** includes:
